Code Number	Description of Violation	Correct By
108-2265	108-265 Food Safety Plan The food safety plan is incomplete. Temperatures are not taken daily of the food and coolers. Cooler has not had a temp taken since 2/9/13 and food is being received at too low of temperatures from the caterer. Food is being reheated. No training logs in binder. This will be referred to DPI. Have binder, records, logs sheet in order by fall 2013 inspection.	5/8/2013

Notes:

The Food Safety binder is on the premise but the staff is not familiar with it. It hasn't been filled out, no Employee Reporting Agreements, no training logs, no menu by process. Staff was unaware it needed to be implemented. Principal notified that DPI referral will be done again.

Temperature logs sheets are present for refrigeration equipment.
